Email below from Rich Petrovsky;

>>>To all; please help us dispel the rumors that we are "going after the ramp class". The following e-mail responses should indicate this. Thanks...Rich.

The Teamsters will not be organizing any rampers at UAL or elsewhere.

We have made the decision to organize the mechanics and related craft and this is our priority in the aviation industry.

We will not be organizing any other crafts.

Email response below from Clacy Griswold lifetime appointed teamsters BA

(his brother runs local 986, can you say “cronyism”)

>>> Kim and all, Amen to that!

We will NOT be going after the UAL ramp. Clacy

You would have to be a fool to allow these liars and the corrupt teamsters union to negotiate your contract or represent you in anyway!
